Box 153 Jul-Aug 1888

American Philosophical Society,
104 South Fifth Street.

Philadelphia, Feb 4th 1888

Dear Sir:

I am inclined to make a present to the Royal Cabinet of Numismatics at Milan: Is there not some provision by which public bodies are entitled to receive the mint medals at the mere cost of the metal? And could it be construed to cover this case?

What would be the metallic value of all the series?

Very truly Yours

Hon D.M. Fox
